COLONA VERTICAL RAW STEEL LACQUER

REINA DESIGNER RADIATOR

Column Radiator

5 Years Guarantee

Material: Mild Steel

The Reina Colona Vertical Lacquer Radiator brings classic column styling into a tall, space-saving shape, finished in raw metal steel with a protective clear lacquer to show off the natural character of the metal. Standing 1800mm high in 2 or 3 column designs, it's built from durable mild steel and delivers generous heat output from a slim footprint. Suitable for central heating, including heat pump systems, and tested to EN 442. Optional feet are available, and it comes with a 5-year guarantee.
